Marv. Hoss Adult Education Fund Guidelines

Bet Aviv will establish a new dedicated fund – the Marv. Hoss Adult Education Fund.

The fund will be used to enrich Bet Aviv's adult education offerings. Adult education will be viewed broadly – Sunday classes, scholar-in-residence, Men's Club programs with an adult education twist, evening and weekend events. Similarly, the uses will be defined broadly as anything that contributes to an adult education program, including but not limited to speaker fees/honoraria, refreshments, and room rental.

The existence of the fund will not preclude the budget from continuing to support these activities through budgeted general funds.

The fund will receive money from designated contributions, which will be tracked in the way other dedicated funds are tracked.

The Adult Education Committee shall have authority to expend money from the fund for the purposes specified above, but any expenditure exceeding $500 for a single event (or series of events) shall require approval of the board.
