

Livestream: A Guide to the Player

September 2020

How to Get to the Livestream Page

- There are three ways to get to the Livestream page on our website:
 - Use the URL
 - Go through the Menu
 - Click on Quick Links in the footer

How to Get to the Livestream Page

Each method takes you the page shown below.

The screenshot shows the 'Worship' page of the Bet Aviv website. At the top is a dark navigation bar with links: Home, About Us, Membership, Worship, Leadership, Calendar, Programs, and Administration. Below this is a light blue header with the word 'Worship'. The main content area features a 'LiveStream' section with the text: 'When Bet Aviv is broadcasting from Room 200 at The Meeting House, you can click on player icon in the screen below.' Below the text is a video player showing a colorful stained-glass window with a white play button icon. To the right of the video player is a sidebar menu with the following items: LiveStream, Shabbat, Holidays, Life Cycle Events, Yahrzeit, and Healing.

URL

- The URL to the page is:
 - <https://betaviv.org/livestream/>
 - You can click on the URL if it's a link
 - You can copy and enter the URL into a browser if it's not a link

Menu

- A second way to get to the page is through the top level menu
- First go to the Bet Aviv homepage:
 - <https://betaviv.org/>
 - Next click on Worship to show the submenu
 - Then scroll down to the first entry
 - Click on Livestream

Menu Picture

Here's how the Menu option looks:

Quick Links

- A third way to get to the page is through the quick links in the footer
- First go to the Bet Aviv homepage:
 - <https://betaviv.org/>
 - Next scroll down the page to the sub-footer near the bottom of the page
 - The Quick Links menu is on the right hand side of the page to the left of the search bar
 - Click on the Livestream link at the bottom
 - Quick Links appear on every page of the website

Quick Links Picture

Here's how the Quick Links option looks:

About Livestream

- The Livestream player on our website is specifically for Room 200 at The Meeting House where we traditionally hold our services.
- If we need to broadcast from a different room (e.g., Room 100), we will send you the link.
- When we announce a broadcast, you navigate to the livestream page and click on the player icon in the middle of the page.

About Livestream

- If you click on the player icon before the announced time you get the following message:

About Livestream

- Once you get the message, the player will NOT start automatically at the appointed time.
- Click on the X in the upper right hand corner to close the message
- Wait until the start time and click the player icon again.
- The advertised lag time is 30 seconds, so it should start quickly.

About Livestream

- There are three modes: live, simulated live and previous broadcasts
- When we return to The Meeting House, we may stream live services that you can watch at home.
- During the pandemic, our clergy are pre-recording the services that you may watch in a simulated live mode at a specific time.
- Once we have a recording, you can watch it as a previous broadcast by clicking on the box in a circle just under the header

Player Controls

- When the broadcast starts you will see a screen like the one below.

Header Information

- The title of the broadcast appears in the upper left hand corner of the header. In this example, the title is YK 35. 
- Information about the broadcast appears if you click on the i in a white circle in the lower right hand corner of the header. 

Footer Information

- Stop - Click on the two ovals to stop playing the broadcast. 
- Start - If you've stopped a broadcast, then click on the play symbol to restart. 
- Numbers - The numbers and the bar show the time into the broadcast (e.g., 32 seconds), the total time (e.g., 15:22 minutes) and the bar shows where you are in relation to the total time.

Loudness

- The bell and the bars show the loudness. The blue bars show the current loudness setting.
- You can increase or decrease the sound by clicking on the bars. Click bars to the right to make it louder. Click bars to the left to make it softer.

Speed

1x

- The 1x shows the speed of the speaking on the broadcast.
- If you are watching a previous broadcast, you can increase or decrease the speed by clicking on the 1X.
- A menu of speeds appears and you can select the one you want by scrolling up or down. Higher numbers are faster and lower numbers are slower.

Screen size

- The player defaults to a small screen size.
- To enter full- screen mode, click on the arrows all the way to the right. We recommend full screen when you are watching a broadcast
- Click on ESC to return to the smaller screen
